A FUN DAY AWAY!

Don't miss the world premiere of
"When Calls The Heart ... The Musical!"

An **exceptional, professionally created** stage play made especially for The Barns. It's destined to become a favorite.

Join us on this great day out!! ... **This is a pleasant romp into rural Indiana.** After a leisurely morning ride we **stop at Coppes Commons.** This is the wonderfully renovated former factory of **Hoosier Cabinets!!** Wander through shops and take in a small exhibit highlighting those famous cabinets. **Reminisce as you re-live your (or your Grandma's) kitchen!** (Lunch here is on your own.) Soon we head to "The Barns."

A newly restored, state-of-the-art 1911 barn brings a sense of excitement as you are among some of the 1st to view this heart-warming play based on the beloved series.

The **production, based on Elizabeth Thatcher,** follows her as she makes her way from her wealthy home in Toronto across the rugged Canadian west to teach in a small, one-room schoolhouse. She is **challenged by various trials** from her pupils, rugged surroundings, and a handsome Canadian Mountie. **Come see what ensues!**

Afterward, no one goes home hungry as you enjoy a hearty **Threshers Dinner Buffet** served in a century-old Restaurant Barn. (Wine is available with dinner at additional fee, if desired.)

An **easy paced** tour. A wonderful **day getaway,** or a **girl's day out.** **Gather your "besties" or make new friends** as you **share time with fellow "Hearties".** **Book Now!**
