**BARNES OF
NAPPANEE**

DAY OF FUN!

A short little jaunt, long on fun!

*Be among the first to visit the "new" **Barns of Nappanee** on a **pleasant romp into rural Indiana.***

A great day out!! ... A leisurely morning ride finds us in quaint, small town, Nappanee where we make a **stop at Coppes Commons**. This amazing renovated factory is the place of **Hoosier Cabinets!!** Wander thru the many shops and take in a **small museum high-lighting those famous cabinets**. Grab lunch here *(on your own)*. Explore some more and then we head to "The Barns."

Stroll the festival grounds at your leisure. Shop to your heart's content. Relax at a wine or beer tent, a coffee shop or just sit and enjoy one of the many entertainment stages. Many new things have been added to this festival making it even better than it was.

But wait, after shopping till you drop and before we head home, "sit for a spell" as you are treated to a delicious **Farm Fest plated dinner**. This hearty dinner assures no one goes home hungry! This **leisurely day in the open spaces and cool places** of Northern Indiana, will provide warm memories and stories and prize finds from the craft fair. *(Bring a mask and plan to social distance.)*
